### **Teaching in the Target Class**

*In the following, we want to get into more detail about your teaching practices. Within this questionnaire, we cannot cover the whole scope of your teaching. Therefore, we use an exemplary approach and focus on the teaching of one class.*

*The following questions ask you about a particular class that you teach. The class that we would like you to respond to is the first year 7-10 class that you taught in this school after 11 a.m. last Tuesday. Please note that if you do not teach a year 7-10 class on Tuesday, this can be a class taught on a day following the last Tuesday.*

**We would like to understand the composition of the target class. Please estimate the broad percentage of students who have the following characteristics.**

*This question asks about your personal perception of student background. It is acceptable to base your replies on rough estimates.*

*Students may fall into multiple categories.*

*Students with 'special education needs' cover those for whom a special learning need has been formally identified because they are intellectually or physically disadvantaged. Often they will be those for whom additional public or private resources (personnel, material or financial) have been provided to support their education.*

*'Socio-economically disadvantaged homes' refers to homes lacking the basic necessities of life, such as adequate housing, nutrition or medical care.*

*'Ethnic minorities or Indigenous communities' refer to groups that are a result of historical dynamics and/or shared characteristics that correspond to geographical location and ancestral origins, cultural traditions, religious beliefs, social norms, shared heritage and language, and/or immigrant status and nationality of origin.*

*An 'immigrant student' is one who was born outside the country. A 'student with migrant background' has parents who were both born outside the country.*

*A 'refugee' is one who, regardless of legal status, fled to another country seeking refuge from war, political oppression, religious persecution, or a natural disaster.*

*Please select one choice in each row.*

### About TALIS 2024

The fourth Teaching and Learning International Survey (TALIS 2024) is an international survey that offers the opportunity for teachers and principals to provide input into education analysis and policy development. TALIS is being conducted by the Organisation for Economic Co-operation and Development (OECD). Australia, along with more than 50 other countries, is taking part in the survey.

International comparisons from TALIS will allow participants to identify common challenges and to learn from other policy approaches. Principals and teachers will provide information about teaching and learning issues such as their education and professional learning, professional and pedagogical practices, occupational perceptions, and institutional environments and management as well as contemporary issues for education systems such as diversity and equity, social and emotional learning of students, educational uses of technology, and environmental and sustainability education.

In the TALIS study, it is our intention to draw a picture of the different educational practices in all the participating countries. Countries and individuals

may differ in their educational approaches. We rely on your expertise to describe your work and opinions as accurately as possible.

Being an international survey, it is possible that some questions do not fit very well within your national context. In these cases, please answer as best as you can.

## **Confidentiality**

All information that is collected in this study will be treated confidentially. While results will be made available by country and, for example, by the type of school within a country, you are guaranteed that neither you, this school, nor any school personnel will be identified in any report of the results of the study. All data collected in TALIS are kept strictly confidential as defined in the Privacy Act 1988 (Cth). You may also view ACER's Privacy Policy at <https://www.acer.org/privacy>.

## **About the Questionnaire**

- When questions refer to 'this school' we mean the school at which you are currently employed.
- This questionnaire should take between 45 and 60 minutes on average to complete.
- Participation is voluntary and you may withdraw at any stage.
- Guidelines for answering the questions are typed in italics.
- Most questions can be answered by selecting the one most appropriate answer.
- When in doubt about any aspect of the questionnaire, or if you would like more information about the questionnaire or the study, you can reach us by using the following contact details: Australian Council for Educational Research (ACER), 1800 290 554 or [TALIS2024@acer.org](mailto:TALIS2024@acer.org).

## Teaching in the Target Class

*In the following, we want to get into more detail about your teaching practices. Within this questionnaire, we cannot cover the whole scope of your teaching. Therefore, we use an exemplary approach and focus on the teaching of one class.*

*The following questions ask you about a particular class that you teach. The class that we would like you to respond to is the first primary class that you taught in this school after 11 a.m. last Tuesday. Please note that if you do not teach a primary class on Tuesday, this can be a class taught on a day following the last Tuesday.*

*In the questions below, this class will be referred to as the target class.*

**Thinking about the use of artificial intelligence in education,  
how strongly do you agree or disagree with the following  
statements?**

*'Artificial intelligence' is the capacity for computers to perform tasks traditionally  
thought to involve human intelligence. This can include making predictions,*

*suggesting decisions, or generating text.*

*Please select one choice in each row.*

| Strongly disagree   | Disagree                 | Agree                    | Strongly agree           | I don't know             |
|---|--------------------------|--------------------------|--------------------------|--------------------------|
| a) Artificial intelligence helps teachers write or improve lesson plans.  |                          |                          |                          |                          |
| <input type="checkbox"/>  | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| b) Artificial intelligence enables teachers to adapt learning material to different students' abilities.                              |                          |                          |                          |                          |
